

Hey!

I'm Shane (they/them), 2nd year Sociology student, and experienced governance nerd. Over the past two academic years you have put your trust in me to represent our community to ensure LGBT+ voices are heard at Kingston and campaigning on the issues that matter to us and I'm asking for you to re-elect me for one more year.

Why re-elect me:

- Dependable, evidenced by my track record of campaign wins including Gender Neutral toilets, LGBT+ Housing and introducing/amending policy to improve LGBT+ life at KU.
- My indepth knowledge of Students' Unions (including the National Union of Students) allows me to work quicker and better to benefit YOU!
- Work to ensure we have an elected Trans+ officer and LGBT+ Campaign Committee
- Continuing my pledge for a stronger LGBT+ student voice and structures that enable our voices to be heard.
- Have worked closely with various University Committees, specifically the Access, Participation, and Inclusion team.
- To finish the campaigns and initiatives that were started, particularly over the summer period.

I will always speak out on injustice, demand change for equality, and am confident enough to call out behaviour of and to anyone regardless of their position as I have done in the past. I'll always fight for my community so that we aren't just a diversity quota, that we can be open, and proud about our identity without fear.

It has and will continue to be an honour to be elected as your representative.

Choose Shane #1 for LGBT+ Liberation.
